To: TTG valued customers

On behalf of TTG Inc., we are thrilled to advise that we have partnered with Akoya Capital Partners and Landon Capital Partners to invest in the future of our company. We see significant opportunities to grow across a range of products and market segments and recognized that additional human and financial capital was needed to accomplish this. Both Akoya and Landon were the right partners for us and bring substantial strategic experience and track record to our business.

Both Tim and I will remain with the company to lead it forward in collaboration with Akoya and Landon. The only immediate change for you as a customer will be to accounts payables and will be sending you new instructions for payments shortly. We look forward to expanding our business and continuing our long term partnership with you. Thank you for the trust you have put into TTG, Tim and myself over the years; you can count on us to continue to serve you with the highest quality membranes and laminates in the industry.

Attached is the press release announcing our partnership for your reference. If you have any questions or want to reach out to either of us, please do not hesitate to call.

Best regards,

Jim King

Tim Trimble
